SAMBATH A R

Cloud Infrastructure & IT Operations | Microsoft 365 & Azure | Intune | Migrations | PowerShell Automation

sambathar@outlook.com • +91 90434 10823 • Coimbatore, India • linkedin.com/in/sambathar • sambathar.github.io

PROFESSIONAL SUMMARY

Senior IT Infrastructure and Cloud Administrator with 10+ years of experience in Microsoft 365, Azure, identity and endpoint management, migrations, and automation. Skilled in multi-tenant Microsoft 365 administration, tenant-to-tenant and SaaS migrations, Intune/MDM deployments, Win32 application packaging, Windows Autopilot, and PowerShell/Microsoft Graph automation. Delivered 100% endpoint compliance, reduced Microsoft 365 and cloud costs by 40%, and cut manual user lifecycle management effort by 40%. Experienced in Microsoft Purview compliance, team and vendor coordination, and AI-powered IT automation.

CORE COMPETENCIES

IT Infrastructure Leadership • Microsoft 365 Administration • Tenant-to-Tenant & SaaS Migrations • Azure Infrastructure (VMs, Storage, Entra ID) • Google Workspace Administration • Google Cloud Platform (GCP) • AWS (EC2, S3, IAM) • Identity & Access Management • SaaS Administration • Endpoint Management • DNS Management • Microsoft Intune • Win32 App Packaging • Windows Autopilot • Microsoft Purview • PowerShell Automation • Microsoft Graph API • Microsoft 365 Copilot • Security & Compliance • Cloud Cost Optimization • Team Leadership • Vendor & Stakeholder Management

PROFESSIONAL EXPERIENCE

Senior Associate - IT Administration | Lucey Group — 03/2025 - Present

Remote, United Kingdom

- **MDM Migration:** Led a global MDM migration across 100-150 macOS/Windows endpoints to ManageEngine and Microsoft Intune, achieving 100% compliance; supported Windows Autopilot deployments for vendor-registered new hardware and existing devices.
- **Application Packaging:** Packaged and deployed Win32 apps via Intune: .intunewin conversion, PowerShell detection/install/uninstall scripts, and assignment groups.
- **Tenant-to-Tenant Migration:** Executed a full Microsoft 365 tenant-to-tenant migration using BitTitan, Cloudiway, and PowerShell.
- **Tenant & SaaS Administration:** Managed 4 Microsoft 365 tenants (100+ users) across global teams, overseeing Exchange Online, SharePoint, Teams, licensing, and DNS/SendGrid.
- **Azure Infrastructure:** Provisioned and managed 10+ Azure VMs and Storage Accounts (Blob Storage) across multiple tenants supporting mixed production workloads.
- **Automation & Cost Optimization:** Automated user lifecycle management via PowerShell/Graph API (cutting manual effort 40%); reduced M365 licensing and cloud costs by 40% through audits and right-sizing.
- **AI Automation Platform:** Engineered a modular AI automation platform (OpenAI, Claude, Gemini APIs) deploying task-specific agents to automate IT support across WhatsApp, Teams, and Telegram.
- **Compliance & Governance:** Administered Microsoft Purview (eDiscovery, retention, sensitivity labeling) and GDPR-aligned DLP/DSAR controls; led Microsoft 365 Copilot licensing, rollout, and adoption governance.
- **Leadership & Power Platform:** Led a small team coordinating vendors and stakeholders on IT initiatives; built Power Platform automations (Power Automate, Power Apps, Power BI) to streamline operations.

IT Systems Administrator | Onference Training Technologies LLP — 07/2022 - 03/2025

Remote, Mumbai, India

- **Cloud Architecture:** Architected and optimized the company's Office 365 environment using native M365 migration tooling, boosting collaboration and scalability via SharePoint and OneDrive.
- **Security Engineering:** Designed and deployed MFA and DLP policies, improving security compliance by 50% and cutting data breach risk by 81%.
- **Workflow Efficiency:** Optimized document management via SharePoint libraries and workflow automation, increasing efficiency by 90%.
- **SaaS & Compliance Administration:** Administered Microsoft 365, Google Workspace, and Microsoft Purview compliance policies, including user provisioning and email services, to support secure, scalable operations.
- **Power Platform:** Used Power Automate, Power Apps, Planner, Forms, Visio, and Power BI for IT workflows and reporting.

System Administrator | SVM Tech Private Ltd **01/2018 - 05/2022**

Onsite, Coimbatore, India

- **Infrastructure Management:** Led IT infrastructure upgrades, increasing system efficiency by 20%.
- **Azure Infrastructure:** Provisioned and managed a small-scale Azure environment (1-5 VMs) with Storage Accounts to host and deploy client applications.
- **Virtualization:** Deployed VMware virtualization, increasing resource utilization by 40% while maintaining 99.9% system availability.
- **Migrations:** Migrated 50+ users from Google Workspace to Office 365 using custom PowerShell scripts, BitTitan, and Cloudiway.
- **Power Platform:** Used Power Automate, Power Apps, Planner, Forms, Visio, and Power BI to support IT operations and documentation.

.NET Web Developer | Lavender Technologies & Solutions, Coimbatore **06/2014 - 12/2017**

Onsite, Coimbatore, India

- **Software Development:** Developed application features using ASP.NET Web API, increasing code reusability by 30%.
- **Agile Methodology:** Designed project modules using Scrum, Test-Driven Development (TDD), and Pair Programming.

EDUCATION

Master of Business Administration (MBA), Alagappa University | 2021 - 2023
General Management • Karaikudi, India

Bachelor of Engineering (B.E.), United Institute of Technology | 2010 - 2014
Computer Science & Engineering • Coimbatore, India

TECHNICAL SKILLS

- **Cloud & Identity:** Microsoft 365, Azure / Entra ID, Azure Virtual Machines, Azure Storage Accounts (Blob Storage, Managed Disks), Google Workspace Administration, Google Cloud Platform (AI Studio, Analytics), AWS (EC2, S3, IAM, Cross-Region VPN/SSH Tunneling)
- **Modern Workplace & Compliance:** Microsoft Purview (eDiscovery, Retention, Sensitivity Labels), Microsoft 365 Copilot
- **Security & Compliance:** MFA, DLP Policies, GDPR Compliance, DSAR Workflows, Microsoft Defender (Endpoint, Identity, Cloud Apps), Bitdefender, Keeper
- **Endpoint Management:** Microsoft Intune (Win32 App Packaging, .intunewin, Windows Autopilot), ManageEngine, Addigy
- **Automation & Development:** PowerShell Scripting, Microsoft Graph API, Python/Bash, AI Agent Development (OpenAI/Claude/Gemini APIs), Power Platform (Power Automate, Power Apps, Planner, Forms, Visio, Power BI)
- **Migration Tools & Experience:** BitTitan, Cloudiway, Custom PowerShell Migration Scripts; Tenant-to-Tenant (M365), Google Workspace to M365, Dropbox to OneDrive (native tools)
- **SaaS, Backup & DNS:** Zoho Suite, VOIP Systems (Telappliant, Teams Calling, 8x8), DNS/SPF/DKIM Management, SendGrid, Backblaze (Cloud Backup/Storage)
